##### **EFFECT OF AMENDMENT:**

-A4 Removes possession of ammunition from ORS 166.255, prohibition on possession of a firearm or ammunition. Appropriates \$20,000,000 to Department of State Police for implementation of measure and enforcement of firearm laws.

##### **BACKGROUND:**

Current Oregon law prohibits certain individuals from knowingly possessing firearms or ammunition. Among those excluded are persons subject to a court order, such as a Family Abuse Prevention Act (FAPA) order, Sexual Abuse Protective Order (SAPO), and Elderly Persons and Persons with Disabilities Abuse Prevention Act (EPPDAPA) order. For the prohibition to apply, the order must restrain the person from stalking, intimidating, molesting, or menacing an intimate partner or child, and include a finding of a credible threat to the physical safety of the other party. In order to be prohibited under this section, the person subject to the order must have had actual notice and opportunity to be heard in a hearing on the order. Additionally, persons who have been convicted of a qualifying misdemeanor against a family member are prohibited from possessing firearms or ammunition. A qualifying misdemeanor is one that includes use of physical force, attempted use of physical force, or the threatened use of a deadly weapon. ORS 166.255(3)(f). Intimate partner means the person's spouse, parent of the person's child, or persons who have or are cohabitating, which does not capture individuals who are or were in a sexual relationship but do not live together.

House Bill 4145-A expands the prohibition on possessing firearms to include those who are under a court order or who have a qualifying conviction relating to a family or household member, which includes persons who have been involved in a sexually intimate relationship but who may not reside together. It also includes those who have been convicted of stalking in the prohibition of possessing a firearm or ammunition. Additionally, the measure requires the Oregon State Police to enter qualifying convictions and terms of the judgment in the appropriate state and national databases and to send reports of attempted purchases by prohibited individuals to the appropriate law enforcement

entities. Annually, the Department must report on the number of attempted purchases and the outcome of those attempts, including any investigations, charges, and resolutions.
