The City of Keizer strongly supports HB 4127A.

Improving accountability, creating greater transparency, and providing better service to our citizens is an imperative part of good government.

The current Qualification-Based Selection process is important, yet is cumbersome and difficult to properly administer. The proposed rules would provide better accountability and access, while also providing more tools for local governments to use.

We urge your support of these proposed changes.

Respectfully,

Chris Eppley,
City Manager, City of Keizer.
