Impact Explanation:

The measure makes statutory changes to DMV fees. The -A6 amendment rounds fees down to whole numbers instead of up, and eliminates a cost/fee study mandate. It also changes statutes governing vehicle plate transfers to allow the remaining registration on the plate to be transferred to the new vehicle only if both vehicles are owned by the same person. The -A6 makes the effective date 91 days after adjournment sine die. The -A6 changes to statutes related to plate transfers are operative July 1, 2018. The -A6 changes to DMV fees are operative January 1, 2019. The increase fees will pay for DMV costs that otherwise would be subsidized by the highway fund.
