

**HB 4129**

**Relating to residential care facilities**

---

HB 4129 establishes a license for residential care facility administrators within the Health Licensing Office at the Oregon Health Authority. The bill specifies qualifications for the license, and allows the agency to adopt rules to determine the content of examinations for licensure and other details.

The amendment makes a number of technical adjustments, such as adopting rules for transitional and emergency situations.

The agency anticipates setting fees at a level to recover costs. The two additional staff that will be needed for 2017-19 will be included in the statewide budget reconciliation bill.

The Human Services Subcommittee recommends HB 4129 be amended by the –A4 amendment and be reported out do pass, as amended.
