**Lottery Allocation**

---

SB 5703 adjusts the Lottery allocations from the Administrative Services Economic Development Fund and the Veterans' Services Fund, and adjusts allocations from the Criminal Fine Account, to distribute these resources as needed to implement 2018 session budget actions.

The bill provides each state agency with the Lottery and Criminal Fine Account funds that it is authorized to spend in its budget, as modified by HB 5201.

The Capital Construction Subcommittee recommends SB 5703 be amended by the –1 amendment and be reported out do pass, as amended.
