

From the Desk of
Representative Brad Witt

SB 1550 A, Authorizes State Fish and Wildlife Commission to adopt record keeping requirements for person engaged in taking, landing, buying, or selling of food fish for commercial purposes.

The goal of this legislation is to track commercial food fish and allows for the ability to identify where certain batches of fish came from, much in the same way that can be done with commercial beef products.

The Oregon Legislative Sportsmen's Caucus has taken a **SUPPORT** stance on this bill and ask you to vote **AYE**.
