On page 2 of the printed bill, after line 21, insert:

“(6) The department shall report to the Legislative Assembly in the manner provided by ORS 192.245 not later than February 1, 2019, February 1, 2021, and February 1, 2023, concerning state agency implementation of the authority granted in this section. Each report must, as of the date of the report:

(a) List the number of devices or facilities for delivering electricity to the public for electric motor vehicles that state agencies installed or had installed in the previous two years and the total number of installations that have occurred since the effective date of this 2018 Act;

(b) List the number of devices or facilities that state agencies have planned for installation in the next two years;

(c) List the cost to the state agency of each installation and calculate:

(A) An average cost for installations that state agencies have completed or had completed; and

(B) An overall trend line for costs that state agencies have incurred;

(d) Specify the current uniform price that each state agency charges under subsection (5) of this section and any changes in the uniform price that occurred in the previous two years;

(e) Specify for each state agency an average rate of utilization for all of the devices or facilities located on premises that the state agency owns or controls, calculated as the ratio of the time each day during which a person is actually using the devices or facilities and the time each day in which the devices and facilities are available for use; and

(f) Specify whether and to what extent using electric motor vehicles and devices or facilities located on premises that state agencies own or control to provide electricity for state agency electric motor vehicles results in a cost savings to the state agency in comparison to using motor vehicles that do not use electricity for propulsion.”.
