SECTION 44. Section 122r, chapter 750, Oregon Laws 2017, is amended to read:

“Sec. 122r. (1) [Sections 122m to 122q of this 2017 Act] ORS 184.752 to 184.766 and section 112q, chapter 750, Oregon Laws 2017, become operative on [January 1, 2019] July 1, 2018.

“(2) The Oregon Transportation Commission and the Department of Transportation may take any action before the operative date specified in subsection (1) of this section that is necessary for the commission or the department to exercise all of the duties, functions and powers conferred on the commission and the department by sections [122m to 122q of this 2017 Act] ORS 184.752 to 184.766 and section 112q, chapter 750, Oregon Laws 2017.

SECTION 45. Section 46 of this 2018 Act is added to and made a part of ORS 377.700 to 377.844.

SECTION 46. (1) For purposes of this section:

“(a) (A) An owner of an outdoor advertising sign shall be considered to have suffered a total loss with respect to the outdoor advertising sign if, due to a highway construction project, the outdoor advertising sign is removed from its current location or the face of the outdoor advertising sign would be totally blocked in its current location.
“(B) An owner of an outdoor advertising sign shall be considered to have suffered a partial loss with respect to the outdoor advertising sign if, due to a highway construction project, the face of the outdoor advertising sign would be substantially but not totally blocked in its current location.

“(b) Full compensation for loss of an outdoor advertising sign equals the market value of the outdoor advertising sign, measured by comparable sales of outdoor advertising signs as determined by an appraiser recognized as a specialist in such valuations, less the salvage value of the components of the outdoor advertising sign.

“(2)(a) When the Department of Transportation determines that a highway construction project supervised by the department will result in the total or partial loss of an outdoor advertising sign, the department shall enter into negotiations with the owner of the outdoor advertising sign for relocation of the outdoor advertising sign.

“(b) The department may require the owner to provide information about the owner's efforts to acquire a comparable location for the outdoor advertising sign.

“(c) The department may assist the owner's efforts to acquire and obtain approval for a comparable location for the outdoor advertising sign.

“(3)(a) The department may enter into an agreement with the owner of an outdoor advertising sign for relocation of the outdoor advertising sign on any terms not prohibited by law or inconsistent with this section.

“(b) An agreement entered into under this subsection may not require the department to pay the owner of the outdoor advertising sign an amount in compensation that is greater than the actual cost to the owner of relocating the outdoor advertising sign.

“(4)(a) If, after reasonable efforts, the owner of an outdoor advertising sign subject to total or partial loss is unable to acquire a comparable location in the same market area for the outdoor advertising sign, except as provided in ORS 377.725 (4), the department shall pay the owner compensation as provided in this subsection.

“(b) Except as provided in paragraph (c) of this subsection, for a total loss of an outdoor advertising sign, the department shall pay the owner full compensation for the loss and permanently cancel the sign permit, and the owner shall remove the sign.

“(c) For a total loss of an outdoor advertising sign in which a new site for the outdoor advertising sign is found at a less than comparable location, the department shall pay the owner the difference between the amount of full compensation for the loss and the market value of the outdoor advertising sign as located at the new site. If the new site is on a state highway, the owner may use the outdoor advertising sign's existing permit issued under ORS 377.725 to apply for a relocation permit. If the new site is not on a state highway, the department shall permanently cancel the permit.

“(d) For a partial loss of an outdoor advertising sign, the department shall pay the owner the percentage of full compensation that is equal to the loss of market value due to the blockage of the sign's face.

“(e) The department and the owner may enter into an agreement for partial or full compensation under this subsection in the form of additional relocation credits or other in-kind value.

“(5)(a) If the department and the owner of an outdoor advertising sign do not agree that a comparable location is available in the case of the total loss of an outdoor advertising sign, or do not agree to the amount of compensation offered by the department, the department
shall provide written notice of the final offer of compensation to the owner.

“(b) The owner may appeal to the department the comparable location determination and the amount of compensation contained in the written notice. The hearing on the appeal shall be conducted as a contested case hearing under ORS chapter 183.

“(c) Notwithstanding paragraph (b) of this subsection, in the case of the total loss of an outdoor advertising sign, the owner shall remove the outdoor advertising sign that is the subject of the written notice within 90 days after receipt of the notice.

“(6) Nothing in this section may be construed to require the department to take, and the department may not take or authorize, any action that would make the department ineligible to receive federal funds.

“(7) The department may adopt rules to implement the provisions of this section.

SECTION 47. ORS 377.725 is amended to read:

377.725. (1) A person may not erect, control, relocate or reconstruct an outdoor advertising sign unless the Department of Transportation has issued a permit for the erection, control, relocation or reconstruction of the sign.

“(2) A person who applies for a permit to the Director of Transportation shall complete forms furnished by the director. The permit application shall include a precise description of the outdoor advertising sign and such other information as the director considers necessary or desirable to determine compliance with ORS 377.700 to 377.844. The director shall issue a permit for an outdoor advertising sign that complies with ORS 377.700 to 377.844. A valid permit may be transferred to another person upon written notice to the director.

“(3) A permit may not be issued for an outdoor advertising sign located adjacent to an interstate highway or freeway unless the director determines that access to the outdoor advertising sign from the interstate highway or freeway can be obtained without violating the access control line of the interstate highway or freeway.

“(4) If an application for a permit to relocate or reconstruct an outdoor advertising sign is for a location identified in the current Statewide Transportation Improvement Program, the department shall require the applicant to execute an affidavit acknowledging the project and forgoing any claim for compensation under section 46 of this 2018 Act.

“(5) A permit shall be renewed annually on the first day of January. Application for renewal of a permit shall be filed prior to expiration of the term of the permit. If application for renewal of a permit is filed within 30 days after the expiration of the term, the permit shall be granted if any additional fee specified by the department in rules adopted under ORS 377.729 is paid at the time the application is filed. Any permit not renewed in accordance with this section shall be canceled.

“(6) Permit fees for purposes of this section are as established by the department by rule under ORS 377.729.

“(7) A permit shall be issued for one year. The applicable fee shall accompany the permit application. A fee may not be prorated for a fraction of a year or be refunded if the outdoor advertising sign is removed.

“(8) The display surface of an outdoor advertising sign may be changed or cutouts may be attached or removed within the sign area without obtaining a permit. However, a permit shall be obtained if the outdoor advertising sign is reconstructed.

“(9) A reconstruction permit may be issued for the addition of another display surface on the opposite side of an existing, conforming outdoor advertising sign under permit, that is no
larger than the existing display surface.

“[(9)] (10) The director shall require removal of a sign or shall cancel a permit and require remo-
val of an outdoor advertising sign as provided by ORS 377.775 if the director finds a sign or an
outdoor advertising sign has been erected, maintained or serviced from the highway right of way
at any portion of the right of way where the department has acquired rights of access to the high-
way or rights of access have not accrued to the abutting property. If there is no permit for the
outdoor advertising sign, then the director shall require removal of the outdoor advertising sign. In
addition, the department may recover from the owner of the sign or outdoor advertising sign or from
the person erecting, maintaining or servicing the sign or outdoor advertising sign, the amount of
damage to landscaping, sod, fencing, ditches or other highway appurtenances resulting from such
acts. If a permit is canceled under this subsection, an outdoor advertising sign may not be relocated
under ORS 377.767.

“[(10)(a)] (11)(a) The director may cancel a permit, unless a corrected application is filed or the
outdoor advertising sign is brought into compliance within 30 days after written notice thereof is
mailed to the permittee, if the director finds:

“(A) The applicant has knowingly supplied materially false or misleading information in the ap-
plication for a permit or renewal thereof; or

“(B) The outdoor advertising sign covered by the permit violates ORS 377.700 to 377.844.

“(b) If a permit is canceled under this subsection, an outdoor advertising sign may not be relo-
cated under ORS 377.767, and the holder of the permit is not entitled to a relocation credit.

“[(11)] (12) The director shall cancel a permit immediately upon failure of a permittee to erect
or maintain the outdoor advertising sign as described by the permit application and to attach a
permit plate to the outdoor advertising sign 180 days after the date of issuance of the permit.

“[(12)] (13) The director shall assign a permit plate with an identification number to the permit
issued for an outdoor advertising sign. The permittee shall attach the permit plate to the outdoor
advertising sign so that the plate is visible from the adjacent state highway. The absence of a permit
plate or failure to renew the permit annually is prima facie evidence that the outdoor advertising
sign does not comply with ORS 377.700 to 377.844.

“[(13)] (14) Except as otherwise provided in ORS 377.712, 377.753 and 377.765, no permits shall

“[(14)] (15) The director may establish more than one class or type of outdoor advertising sign
permit as necessary or desirable to carry out ORS 377.700 to 377.844.

“[(15)] (16) Any hearing under this section shall be conducted as a contested case hearing under
ORS chapter 183.

“SECTION 48. Section 46 of this 2018 Act and the amendments to ORS 377.725 by section
47 of this 2018 Act apply to partial and total losses suffered by owners of outdoor advertising
signs on or after the effective date of this 2018 Act.

“SECTION 49. ORS 377.756 is amended to read:

“377.756. (1) The Department of Transportation shall issue permits for the erection of signs au-
thorized by ORS 377.756 to 377.758. Subject to subsections (2) and (3) of this section, permits shall
be issued at no cost to any city or county that applies or to any nonprofit or civic applicant ap-
proved by a city or county. Each permit entitles the holder of the permit to erect one sign in ac-
cordance with this section.

“(2) Each city may be given permits under this section entitling the city to erect [not more than
two] signs that are visible from state highways and that are within the city limits or, pursuant to
a memorandum of understanding with appropriate federal authorities, are no more than one mile
outside of the city limits. The permits may be given directly to the city or may be given to a
nonprofit or civic organization designated by the city governing body.

“(3) Each county may be given permits under this section entitling each unincorporated com-
munity identified in the county comprehensive plan, as defined in ORS 197.015, to erect [not more
than two] signs that are visible from state highways and that are within one mile of the community
growth boundary as designated by the county. The permits may be given directly to the county or,
if the county governing body so authorizes, to an unincorporated community or a nonprofit or civic
organization designated by the county governing body.

“(4) The department may not issue more than 200 permits under this section.

In line 19, delete “16” and insert “50”.
