By COMMITTEE ON TRANSPORTATION POLICY

February 15

2 “and prescribing an effective date.

3 “Whereas Oregonians enjoy using motorboats for recreational activities such as water skiing,  
4 fishing and wakeboating; and

5 “Whereas the use of motorboats generates wakes, which vary in size and strength, depending  
6 upon the size and speed of the motorboat; and

7 “Whereas large wakes may create conflict with other recreational activities, such as canoeing  
8 and kayaking; and

9 “Whereas large wakes may create additional erosion of shorelines and damage to docks, thereby  
10 creating conflict with property owners of adjacent shoreline properties; and

11 “Whereas the State Marine Board has attempted to address potential conflicts between  
12 motorboat users, shoreline property owners and others through administrative rules, but its efforts  
13 have been largely unsuccessful due to a lack of funding for rule enforcement; and

14 “Whereas motorboats have increased in size and weight over the years and thus now generate  
15 larger and more powerful wakes; and

16 “Whereas legislative bodies in various states and countries have begun to address the conflicts  
17 created by the impact of large motorboat wakes on property owners, the environment and other  
18 water users; and

19 “Whereas the board has adopted rules prohibiting the use by motorboats of devices that inten-  
20 tionally create amplified wakes on certain segments of Oregon rivers, including the Willamette  
21 River; and

22 “Whereas the Legislative Assembly wishes to achieve a balance, allowing motorboat enthusiasts  
23 to engage in recreational activities that generate large wakes, while minimizing the negative im-  
24 pacts that those large wakes have on shoreline property owners, the environment and other water  
25 users; now, therefore,”.
