27 that serves end users primarily using mobile stations.
28 "(h) 'Nonharmful device' means a device the Public Utility Commission determines by
29 rule to be nonharmful to broadband Internet access services.
30 "(i) 'Paid prioritization' means a broadband Internet access service provider's manage-
31 ment of its network to directly or indirectly favor some traffic over other traffic, including
32 through traffic shaping, prioritization, resource reservation or other forms of preferential
<sup>33</sup> traffic management, either in exchange for consideration from a third party or to benefit an
34 affiliated entity.
<sup>35</sup> "(j) 'Public body' means a public body, as defined in ORS 174.109, in this state.

1 "(2) For the purposes of this section, a public body contracts with a broadband Internet 2 access service provider if the public body procures, or provides funding for the procurement 3 of, broadband Internet access service, including fixed broadband Internet access service or 4 mobile broadband Internet access service, from the broadband Internet access service pro-5 vider.

6 "(3) A public body may not contract with a broadband Internet access service provider 7 that, at any time on or after the operative date specified in section 3 of this 2018 Act:

8 "(a) Engages in paid prioritization;

9 "(b) Blocks lawful content, applications or services or nonharmful devices;

"(c) Impairs or degrades lawful Internet traffic for the purpose of discriminating against
 or favoring certain Internet content, applications or services or the use of nonharmful de vices;

13 "(d) Unreasonably interferes with or unreasonably disadvantages an end user's ability to 14 select, access and use the broadband Internet access service or lawful Internet content, ap-15 plications or services or devices of the end user's choice; or

"(e) Unreasonably interferes with or unreasonably disadvantages an edge provider's
 ability to make devices or lawful content, applications or services available to end users.

"(4) Notwithstanding subsection (3) of this section, a public body may contract with a
 broadband Internet access service provider that:

"(a) Is the sole provider of fixed broadband Internet access service to the geographic lo cation subject to the contract;

(b) Engages in any of the activities described in subsection (3) of this section in the process of addressing copyright infringement or other unlawful activity or the needs of emergency communications, law enforcement, public safety or national security authorities; (c) Engages in paid prioritization if the Public Utility Commission determines that the broadband Internet access service provider's paid prioritization provides significant public interest benefits and does not harm the open nature of the provided broadband Internet access service;

29 "(d) Engages in any activities described in subsection (3)(b) to (d) of this section if the 30 Public Utility Commission determines that the broadband Internet access service provider's 31 engagement in the activity is reasonable network management. An activity is reasonable 32 network management if the activity:

33 34

"(B) Does not include other business practices; and

"(A) Has a technical network management justification;

35 "(C) Is narrowly tailored to achieve a legitimate network management purpose, taking 36 into account the particular network architecture and technology of the broadband Internet 37 access service; or

38 "(e) Engaged in any of the activities described in subsection (3) of this section at any 39 time on or after the operative date specified in section 3 of this 2018 Act if:

40 "(A) The broadband Internet access service provider certifies that it has ceased engaging
41 in all of the activities described in subsection (3) of this section; and

42 "(B) The Public Utility Commission determines that allowing a public body to contract
43 with the broadband Internet access service provider provides significant public interest ben44 efits.

45 "(5)(a) A broadband Internet access service provider engaged in the provision of

HA to HB 4155

broadband Internet access service to a public body shall publicly disclose information regarding the provider's network management practices and performance characteristics and the commercial terms of the provider's broadband Internet access service sufficient for end users to verify that the service is provided in compliance with subsections (3) and (4) of this section.

6 "(b) The Public Utility Commission by rule shall specify the manner and form in which 7 disclosures under this subsection shall be made.

8 "<u>SECTION 2.</u> Section 1 of this 2018 Act does not apply to a contract entered into before 9 the operative date specified in section 3 of this 2018 Act. However, section 1 of this 2018 Act 10 applies to a renewal or extension of an existing contract on or after the operative date 11 specified in section 3 of this 2018 Act as well as to a new contract entered into on or after 12 the operative date specified in section 3 of this 2018 Act.

"SECTION 3. (1) Section 1 of this 2018 Act becomes operative on January 1, 2019.

14 "(2) The Public Utility Commission may adopt rules and take any action before the op-15 erative date specified in subsection (1) of this section that is necessary to enable the com-16 mission, on and after the operative date specified in subsection (1) of this section, to exercise 17 all of the powers and functions conferred on the commission by section 1 of this 2018 Act.

"SECTION 4. This 2018 Act being necessary for the immediate preservation of the public
 peace, health and safety, an emergency is declared to exist, and this 2018 Act takes effect
 on its passage.".
