2 “**SECTION 1.** ORS 469.010 is amended to read:

3 “469.010. The Legislative Assembly finds and declares that:

4 “(1) Continued growth in demand for *[nonrenewable energy forms]* **energy, at affordable cost,**
5 poses a serious and immediate, as well as future, **concern.** *[problem. It is essential that future gen-*
6 *erations not be left a legacy of vanished or depleted resources, resulting in massive environmental, so-*
7 *cial and financial impact.]*

8 “(2) It is the goal of Oregon to promote the efficient use of energy resources *[and to develop*
9 *permanently sustainable energy resources. The need exists for comprehensive state leadership in energy*
10 *production, distribution and utilization.]* **consistent with state environmental policy.** It is, there-
11 fore, the policy of Oregon:

12 “(a) That **the** development and use of a diverse array of **affordable, sustainable energy re-**
13 **sources be encouraged.** *[permanently sustainable energy resources be encouraged utilizing to the*
14 *highest degree possible the private sector of our free enterprise system.]*

15 “(b) That through state government example and **policy** *[other effective communications]*, energy
16 conservation and elimination of wasteful and uneconomical uses of energy and materials be pro-
17 moted. *[This conservation must include, but not be limited to, resource recovery and materials recycl-*
18 *ing.]*

19 “[*(c) That the basic human needs of every citizen, present and future, shall be given priority in the*
20 *allocation of energy resources, commensurate with perpetuation of a free and productive economy with*
21 *special attention to the preservation and enhancement of environmental quality.]*

22 “[*(d) That state government assist every citizen and industry in adjusting to a diminished avail-*
23 *ability of energy.]*

24 “[*(e) That energy-efficient modes of transportation for people and goods shall be encouraged, while*
25 *energy-inefficient modes of transportation shall be discouraged.]*

26 “**(c) That energy-efficient modes of transportation be encouraged.**

27 “[*(f)*] **(d)** That cost-effectiveness, **balanced with environmental policy considerations,** be
28 considered in *[state]* agency decision-making relating to *[energy sources, facilities or conservation, and*
29 *that cost-effectiveness be considered in all agency decision-making relating to energy facilities]* **energy**
30 **conservation and energy facilities that generate electric power for sale.**

31 “[*(g)*] **(e)** That state government *[shall]* provide a source of impartial and objective information
32 in order that this energy policy may be enhanced.”.
