

The Democrat brown shirts (more apt than them calling you terrorists) have proven only their mad quest for power and consistent, pervasive perfidy. I imagine a scenario where you return to Salem to get through some budgetary bills and having the OSP surround you and figuratively, if not literally, chaining you at your desk while they jam through multiple onerous pieces of legislation that devastate Oregon to fulfill a virtue signal to the their deity Statism.

To think they would ever play fair is folly. 2020 must be dead-not in suspense and likewise these other assaults on individual liberty and rational thought must be gone. Even then, I would be suspect.

Think frog and scorpion.

"If all that Americans want is security, they can go to prison. They'll have enough to eat, a bed and a roof over their heads. But if an American wants to preserve his dignity and his equality as a human being, he must not bow his neck to any dictatorial government." - Dwight D. Eisenhower
