This New Legislation for cap and trade, Is a form socialism, to Rural Communities.. I farm and the increase of fuel costs will make it even more difficult to survive.. Oregon has some of the highest taxes all ready, on fuel.. But spending has not been addressed in the public sector, just raise taxes,, It brings higher costs to every citizen in the state.. Its wrong that You, and Other Democratic cronies, are pushing this legislation, On all Oregonians. Put it to a vote, on a ballot, if you think the people want it.. You cannot solve your financial crisis, with purrs, and other over spending legislation, yet you continue to rob the public for increase taxation, because our Governor and Legislators, think it will help fill the pockets for the failed past agencies.. It needs to be stopped, Enough is enough,, I have lived in this state my entire life, and what is being done is complete robbery to those middle and low income folks that are fighting to maintain, as it is,, You Have to control spending, the waist, is out of hand, yet you think solving it is to put more burden on all the people of Oregon.. I pray that You and all Democrat's, that continue to destroy this state, trying to incorporate California legislation, that has totally failed the people down there, and want to make Oregon the same.. I will work to stop any person running for re-election that supports this cap and trade , Hog wash ! Gerald Palanuk 28660 Scott Mtn Rd Sweet Home Oregon, 97386..
