Subject: Even more taxes?
Date: Tuesday, January 14, 2020 2:58:06 PM

LC 19

Why can you not live within the means (like us citizens) without ever increasing taxes?

The legislature has already been squeezing us to sub par living conditions.

I like my neighbor's live in the south/west rural region of Oregon. No natural gas, and other utility's are not available! We drive several miles to get propane, to heat our homes, water, machinery ect.

So if you increase gasoline and propane you are killing our way of a decent quality of life!

Instead of raising taxes, why not stop ILLEGAL immigration, and Sanctuary cities!!!!!!!!!!!!!!

These ILLEGAL people are sucking us dry.

And wry you are at it, Let the legal citizens vote on it.

(Even though the south side of the state is not Representative)

Do not think you know what is best for us!

Enlighten the people generally, and TYRANNY and oppression of mind and body will vanish like evil.
