Hello I'm writing today to ask everyone to rethink LC19 . We need to vote NO on this bill before we kill Oregon anymore then we have already .

I live in Coos county , lots of friends and family in the timber , farming and fishing industry. I believe bills like LC19 keep hindering our way of life . Keeps getting harder to make a living , I believe this bill will devastate hundreds of families and will kill many businesses.

This bill seems nothing more then an agenda by Kate Brown to get her way and tax us more then she already does . I believe LC19 has nothing to do with bettering the environment , just about getting more money out of the people of this state . Which is why also she's put an emergency clause on it because she knows we'll vote it down .

Oregon isn't just made up of Portland , Salem , and Eugene . It's made up of all the beautiful land taken care by the people that really love this state and don't have hidden agendas .

Thank you for your time ,
Stephanie Karow
