It is so tiring to see the state get in to my daily life again. Now you come up with LC19. This doesn't just raise the cost of living. This bill will make Oregon less competitive with the rest of world. And why raise the cost of everything in Oregon. Does that give you some feeling of power. That is not a good reason to do something stupid. You have already taken away my straw my shopping bag. If cap and trade is a good idea why don't you triple all representatives portion. Then I could say that even if the people that represent us are stupid, they beileve in what they are doing.
