Hi Senator,

I know you face a difficult choice with LC 19. As your constituent, I want you to know that it is important to me that you show up for the vote. The changes made seem significant enough to merit an eventual up-down vote.

As an Oregonian, I was embarrassed by what took place last year, and hope you will not let that be repeated this year. Please hammer out the compromise as you see fit, but show up for the vote one way or another.

Thank you,

LeeAnn Kriegh
Bend, Oregon
