Dear Chair Dembrow,

The cap and trade Bill will increase the already high taxes which Oregon natural resource producers (farmers, tree farmers and fishermen) are charged for being in Oregon. Whether or not it will reduce carbon emissions, the reduction will be insignificant to the world level of greenhouse gases. It will likely only force production to less efficient areas which produce more GHGs. Therefore I STRONGLY OPPOSE THIS LEGISLATION.  
Thank you.

Sincerely,

Wesley Miller
