Hello Oregon Legislators,

Our family feels that the gun transfer restraints are frightening and unacceptable. How will they ever be enforced?

What if you have a car for sale, but the new owners couldn't operate it for 2 years because you couldn't guarantee that they wouldn't drive drunk, speed, cause an accident or any number of failures that were totally out of your control? You would be as upset as gun owners are at having to deal with these totally unacceptable restrictions!

How can the State of Oregon even say that they represent the People of Oregon with this type of logic?

My thoughts and feelings also extend to the gun lock restraints.
