Subject: LC 19: fight climate crisis now!
Date: Friday, January 17, 2020 4:10:39 PM

Dear Oregon legislators,
Fires and floods across the country -- and the globe!-- make it abundantly clear that the time is NOW to do all we can to fight climate crisis. I support strong climate-friendly legislation for Oregon's future. I urge you to consider our children's and our grandchildren's future, more than short-term interests, during the upcoming legislative session. Thank you from a Portland voter! --Michelle
