Subject: Support for a strong Cap and Invest policy
Date: Saturday, January 18, 2020 2:47:48 AM

To Whom It May Concern:

I am writing to urge you to pass a strong cap and invest policy. LC 19 is a starting point, but I hope to see improvements to strengthen its climate protection provisions.

I am a mother of two boys, and I'm gravely worried about the future they will inherit. Additionally, as someone who spends a lot of time in rural Oregon, both for work and recreation, I see the toll that climate change is beginning to take on our ecosystems: dying oak trees near Roseburg, dying Douglas Firs on Mt Hood, dying Ponderosas in Bend and Sisters.

Oregon will pay one way or another. We can invest in climate solutions now, or pay much more for climate mitigation later. Please act now.

Sincerely,
Chris Tebben
