I support a strong cap and invest policy and would like you to support the bill that comes out of LC 19, with improvements for climate for Oregon's future. I am a volunteer climate activist, parent, and I love Oregon's wild areas.

Thank you!

I support a strong cap and invest/trade policy and would like you to support LC 19, and the bill that comes out of this effort, with improvements for climate for Oregon's future. I am a volunteer climate activist, parent, and I love Oregon's wild areas and public lands.
