I support LC 19 with improvements for climate. I am a parent of 4 grow adults who will have children someday soon, & those children will have children. I want them to have clean air & water & be able to visit parks & learn about animals who aren't extinct & swim in clean seas. I don't want to see the polar ice caps disappear & whole communities wiped out by unprecedented storms & droughts. I want the Amazon forests protected & desertification stopped.

I vote. My kids vote. And climate matters to all of us.
