**Subject:** LC19. Cap and Invest to thwart carbon emissions  
**Date:** Tuesday, January 21, 2020 8:19:07 AM

---

I am a rancher from Douglas County and am terrified at the changes to our environment because of global warming. I support a strong cap and invest policy and therefore I support LC19. We must do something to limit our carbon emissions.

People afraid of this bill should be more frightened of what will happen if we do nothing.
