Subject: Cap and invest legislation LC 19
Date: Saturday, January 18, 2020 2:10:21 PM

I support a strong cap and invest policy, strong climate legislation for Oregon. I believe Climate change is a real threat and any actions we can do will help. Oregon has been seen as a state that is willing to pass legislation that can be perceived as ahead of its time, such as the bottle bill and I feel it is in our best interest to continue thisJim
