Subject: Cap and invest
Date: Saturday, January 18, 2020 1:37:36 PM

I am a resident of Oregon, a voter and a concerned parent and grandparent and I support a strong cap and invest. Time is running out. Every year that passes without strong action to control greenhouse gas emissions makes future solutions much more difficult.

I daily grow more impatient with industries which whine. Face it, we all have to sacrifice.

I support a very strong Cap and Invest policy for Oregon.
