**Subject:** Strengthen LC 19 and pass legislation to cap greenhouse emissions  
**Date:** Saturday, January 18, 2020 2:08:06 PM

---

I support strong climate legislation for Oregon's future. Strengthening LC 19 is the way to go.

I am a retired man living in Portland who loves the outdoors. The climate crisis is already having negative impacts on Oregon (wildfires, ocean conditions, high summer temperatures.) These will get much worse if we fail to act by limiting greenhouse gas emissions.
