Subject: TESTIMONY IN SUPPORT OF SB 1530
Date: Monday, January 20, 2020 12:20:48 PM

Chair Dembrow, Vice-Chair Olsen and Members of the Senate Interim Committee on Environment and Natural Resources, please consider this testimony in favor of strong climate action in 2020.

I understand that Republicans put you in an awkward spot last session. But you have to be louder and clearer to the people.

I want you to know that I and so many of my friends and neighbors see climate as the #1 issue to deal with in the short term. I am a teacher and my students are really, really anxious about the future. And, frankly, many are furious at older people for not taking action. This is something worth spending political capital on, on behalf of the young people of Oregon and the Earth..

Please get something meaningful passed. Thank you for your service to our State.

Yours sincerely,
Patrick Walsh
