Subject: I support LC 19
Date: Monday, January 20, 2020 2:35:13 PM

I am writing to urge the passage of a strong cap and invest policy for Oregon, as proposed by the Senate's Interim Committee on the Environment and Natural Resources. I am a parent and an educator. Our state must act to protect our resources and the environment for future generations. It is time to take bold steps for strong climate legislation.

Thank you,
Ann F. Dudley
