Subject: I Support Strong Climate Action
Date: Monday, January 20, 2020 2:17:20 PM

- As an Oregonian who cares deeply about the climate crisis I am urging you to support strong climate legislation for Oregon's future. We cannot continue to subsidize and support the destructive fossil fuel industry as wildfires ravage our forests and extreme weather events become increasingly common around the world. Every year of inaction drives us further towards the brink of catastrophe. We must introduce strong climate legislation now to ensure the safety and health of current and future generations.
