**Subject:** Support for meaningful reductions in GHGs in Oregon  
**Date:** Monday, January 20, 2020 4:43:06 PM

---

To Whom it May Concern,

This is to voice my support for legislation that will put a strong program in place to impose statewide and local greenhouse gas emission reductions. Also please strengthen and pass LC19.

My grandchildren want a planet they can live on and this is a good place to start.

Sincerely,  
Dorothy Lee Lull
