Subject: I Support LC 19
Date: Monday, January 20, 2020 5:54:01 PM

Hello, my government!

I want to go on record in strong support of LC 19. We are long past the time when the United States should have got a handle on carbon emissions. As we have done before, I will be deeply proud if Oregon can help lead the way with a positive response to this crisis.

Thank you,

E.
