To Whom it May Concern:

I have lived in Portland for 40 years. Before that I lived in Montana. In both states I worked for the USDA Forest Service. I have seen the degradation of glaciers in Glacier National Park and have experienced the devastating effects of wildfires as climate change has happened. We MUST do something to help slow the rate of climate change if we are to preserve our planet in any semblance of what we have become used to.

In order to start I support a strong cap and invest policy in the guise of STRONG climate legislation for Oregon's (and the planet's) future. The judges recently dismissed the children's lawsuit, saying it was up to legislatures to fix this. You are now the only hope for the children's future—PLEASE DO NOT LET THEM DOWN.

He's NOT my president

NOT because he's a Republican--I've lived contentedly with both Republican and Democratic Presidents with whom I vehemently disagreed at times

Rather, He's NOT my president because by his own words and deeds he is:

a sexual predator, a misogynist, a liar, a xenophobe, a bully, a tax dodger, a purveyor of violence, a con man, and a racist.
