Subject: I support strong climate legislation
Date: Tuesday, January 21, 2020 12:42:28 PM

I support any efforts to (first) acknowledge our changing climate, (second) stop adding to poor air and water quality, and (third) work toward rolling back the amount of harmful gasses, chemicals and particulates released to the air and water. I am a retiree in Douglas County and I value clean air and water. I want our leadership to do whatever is possible to protect those resources guard against wildfire.
