Subject: Climate action
Date: Tuesday, January 21, 2020 1:44:23 PM

Hello, my name is David Green and I live in St Johns, Portland, OR. It's my understanding that you are currently discussing a cap and trade model to help mitigate climate change. While I'd prefer a steadily rising fee, I'm also of a better over best mentality. Let's get this done, any action now is better than nothing. Full support!
