**Subject:** SUPPORT for strong climate legislation for Oregon's future  
**Date:** Wednesday, January 22, 2020 5:22:38 AM

---

As a mother, and a grandmother, I fear for the future that my family will be left with.

We need BIG changes in legislation to combat the issues that are increasing the speed in which climate change is affecting our lives.

Please vote YES on strong climate legislation for Oregon's future, for my family's future, and for the future of our planet.

I live in Grants Pass, OR 97527
