I support a strong cap and invest policy. I supported HB2020 as previously written. Even though LC 19 is watered down, it is a step in the right direction. I am a rural Oregonian with grandchildren. We have a responsibility to our children and grandchildren to leave them a livable world. Oregon can help lead the way. The climate crisis is happening now. We have an obligation to future to take action now. Don't let bullies keep us from doing the right thing.
