TO THE OREGON LEGISLATURE

I support strong and immediate climate legislation for Oregon's future.

I am a senior citizen living in Oregon, and I am deeply concerned about our future, especially the future of those younger than I. If we do not take serious, strenuous actions now to mitigate the effects our warming, carbon-dioxide increasing climate crisis, the future of all life on this planet is in jeopardy. Is this what you want to leave as our legacy to our children and grandchildren?

Respectfully
