Subject: Support for LC 19 Carbon Cap and Trade
Date: Tuesday, January 21, 2020 6:10:41 PM

Hi:

I support a LC 19, a strong cap and invest policy and all strong climate legislation for my family, for Oregon's children and the future of all Oregonians.

I am a voter who lives in rural Oregonian, and am terrified of what the climate crisis may mean for people, wildlife and the natural beauty of our state. We need to be smart and prepared. We've all seen the preview of what could happen: super strong hurricanes, historic flooding, horrific wildfires in California and Australia. Pay attention, please!

Thank You,

Shauna McKain-Storey
