Subject: I support LC19 for a cap and invest policy

To whom it may concern:

I support a strong cap and invest policy so I support LC 19 with improvements for climate. I support strong climate legislation for Oregon's future and the future of the planet. I am an engineer with Intel Corp. and recognize that our fossil fuel consumption is directly affecting the change in climate we have been experiencing in Oregon and around the world. Because of all this I support LC 19 and urge passage of the legislation.
