Subject: support Cap and Invest
Date: Tuesday, January 21, 2020 9:52:23 PM

To Whom It May Concern:

I am strongly in support of a strong Cap and Invest program to limit further carbon emissions in our beautiful state. Oregon should resume its place as a leader in environmental policy. I have personally invested in solar panels and a very energy efficient (well-insulated) house. We do not own a powered clothes dryer, preferring to limit our discretionary power consumption in this and many other ways. Please do your part to control climate disruption!
