---

I support a strong cap and invest policy and strong climate legislation for Oregon's future.

I work with grieving children and their families and want them to know that while their lives have been turned upside down by a death, the world itself is being looked after and they can set down their worries about that. Please help ease their anxieties and help me honestly tell them that we are doing something to protect our planet.

Thank you,

Nani Waddoups

Senate District 23

Representative: Michael Dembrow
