Subject: Cap and Invest Legislation
Date: Friday, January 24, 2020 7:35:56 AM

Hello,

Please add my voice in support of strong cap and invest legislation. I am terrified of the climate changes we are seeing now that will only get worse, much, much worse, if we do not start acting on it immediately. I ask you to do all you can to achieve the goals (and more) stated in the bill.

Please save us.
