Dear Sir/Madam—

My name is Maria Tassoni. I am proud Oregonian, and a lover of the outdoors and our planet! I want Oregon to pass a strong bill to deal with climate change. This is the most important issue facing us, and we can either make things better or far worse. Let's be brave and forward thinking, and improve this dire situation before it is too late.

Thank you!

All my best,

~Maria R. Tassoni
