**Subject:** Climate Action Bill needed in Oregon  
**Date:** Sunday, January 26, 2020 8:59:33 PM

---

I've lived here in Oregon for 25 years. We need serious legislation to address the Climate Emergency we are experiencing first hand in Southern Oregon. We can take action to stop our dependency on fossil fuels and transition all of Oregon to a new Clean Energy economy. Rural Oregon needs investment in Renewable energy to grow clean energy jobs. Let's do this!
