Hello,

I am a resident with a remote job who could live anywhere, but has chosen to live in Oregon because of the natural beauty, shared values, and overall quality of life. I want to protect the place I have grown to love and one way to do that is to pass a strong bill to deal with climate change.

This email is to state my concerns around the impact of climate change on our environment and ask you to take action now while we still have time.

Thank you,

Sarah Shaw
Resident of Ashland, Oregon
