I am opposed to LC 19. It affects all Oregonians with increased prices for fuel, irregardless of where they live.

With rural or small businesses it is even worse.

On a personal note, I am a retiree who does not get enough Social Security to make ends meet. Thus, I work outside my home; and in turn, higher gas prices means I have less.

Why are you making it harder for Oregonians to live?

Respectfully submitted,
