I support strong climate legislation for Oregon' future. I am a grandmother with 3 grandchildren. I recently returned from Australia with its devastating fires and debilitating smoke. We need to make that this does not open here in Oregon.

Sincerely,

"Ours is not the task of fixing the entire world at once, but of stretching out to mend the part of the world that is within our reach... It is not given to us to know which acts or by whom, will cause the critical mass to tip toward an enduring good. What is needed for dramatic change is an accumulations of acts ... We know that it does not take everyone on Earth to bring justice and peace, but only a small, determined group who will not give up during the first, second, or hundredth gale." Clarissa Pinkola Estes
