Subject: Oppose Costly Cap-and-Trade in SB 1530
Date: Monday, January 27, 2020 9:00:09 PM

Dear Chair Dembrow,

I have calculated the cost to my farm from sb1530. For my farm it will mean an increase in my fuel cost with \$2846 just for the first year. And it will only go up after that. We only farm about 400 acres so that means an increase of \$7 pr acre. We will not get any more for our farm products because of this tax. Please vote against this tax.

Sincerely,

Arne Goddik
