**Subject:** Support for carbon emission legislation  
**Date:** Monday, January 27, 2020 7:01:30 PM

---

Dear Members of the Committee,

We need legislation now to reduce carbon emissions. I strongly support a bill to cap carbon emissions and sell permits to emit. We need to invest the funds generated into alternative energy and jobs in these new industries.

Climate chaos is here. It's an emergency — let's act like it.

Sincerely,  
Beatrice "Bebe" Michel
